CHOICES

CATHY WEIS

In *Fractured, Just the facts, ma'am*, videographer Weis (a former ballerina turned techno-wonk) and downtown performers Jennifer Miller, Anne Iobst, Ishmael Houston-Jones, and Jennifer Monson present new solos and duets in which they interact with their live and prerecorded images, creating a multilayered visual frame. When it works, it's electronic magic; when it doesn't, it disintegrates into giddy fun. Thursday through Saturday at 8, Sunday at 3, Dance Theater Workshop, 219 West 19th Street, 924-0077. (Zimmer)
